Subject: Draft Summary for SNUR Pre-Meet
Attachments: Proposed Asbestos SNUR Comments Overview.docx

Importance: High

Tanya- As of this afternoon, there were still over 2,000 comments of the nearly 6,000 yet to be transferred over to regulations.gov. We haven't been able to assess the comments that haven't yet transferred over yet (with some noted exceptions in the summary—I am not sure how Lea, who is out today got those noted comments—I got ADAO's comments directly). It's very possible the comments will all be transferred over to regulations.gov before we meet with the DAA's Thursday afternoon and we'll add to the comment summary as they come in.

Attached is a high level summary of the comments reviewed that we can either hand to and/ or speak from when we meet with Jeff tomorrow at 9:30. We could just use the first page of the summary for our pre-brief.

Once we get Jeff's feedback on approach we can refine and add to the summary as more, if not all, of the comments transfer over.

-Robert
